PROHIBITED ITEMS & CONSUMABLES

ALL BAGS ARE SUBJECT TO CHECKS

PROHIBITED ITEMS

- Any item that could be used as a weapon, cause damage and/or injury or be used as a projectile, whether intended for self-defence or otherwise
- Any item that could distract the players and/or officials, including laser pointers and items that produce excessive volumes of noise
- Devices or implements, whether self-manufactured or otherwise, which, without in themselves being pyrotechnics, may be used for the scattering or spraying of diverse materials or substances (pneumatic crackers)
- Materials of extremist, offensive or discriminatory nature
- Promotional materials of any kind
- Unwieldy objects or bags, if they exceed 158cm by the sum of their three dimensions
- Bicycles, scooters or segways, unless used for the transportation of persons with impaired mobility (PIMs), with the exception of wheelchairs, electric wheelchairs, or 3- or 4-wheeled electric scooters used for the transportation of PIMs
- Aerosol spray canisters
- Work tools of any kind
- Thermos bottles or any kinds of flasks
- Sporting gear or equipment, including bicycles, skateboards and scooters
- Any items resembling any prohibited objects in appearance, or any replicas or equivalents thereof
- Umbrellas longer than 25cm when folded
- Any other object that could compromise public safety and security and/or harm the reputation of the event

All animals are prohibited on stadium grounds, except for guide dogs. The visitor intending to bring a guide dog into a stadium is required to present a veterinary document attesting all the required timely vaccinations, and evidence of the qualification of the dog as a guide dog, in the parameters established by applicable rules.

PROHIBITED CONSUMABLES

- Explosive substances, firing agents or any items filled with same
- Flammable or pyrotechnic substances or objects
- Flammable liquids or gases
- Poisonous or toxic agents, or any substances emitting an acrid odour
- Oxidizing agents or organic peroxides
